FOUNTAINE PAJOT FPY | 70

Price upon request

Description

FPY | 70 The FPY | 70 is the power version derived from the FPY | 70S. Measuring 22 metres in length and offering approximately 226 m² of living space, it is designed as a true floating residence, seamlessly open to the surrounding seascape. The yacht can accommodate up to 12 guests and 5 crew members, with each area carefully arranged to provide comfort, balance and freedom of movement on board. Outdoor spaces play a central role in the onboard experience, with a 51 m² aft terrace configured as a lounge, a 31 m² panoramic flybridge, and a 26 m² forward terrace featuring a spa. These generous volumes are designed to encourage both social interaction and moments of privacy. The 25 m² Maestro suite follows the same philosophy, offering a refined and spacious private retreat. At the stern, the beach club naturally extends the living areas, combining relaxation with active enjoyment of the sea. A sunbathing area, hydraulic bathing platform and dedicated storage for water sports equipment allow guests to make the most of their time on the water, turning the ocean into a personal playground. Further information and pricing available on request.
