FUEL TANK CAPACITY 350	FRESH WATER CAPACITY 600	CABINS 4	BATHROOMS 4
ENGINE MANUFACTURER YANMAR 3JH40	HORSE POWER 2 X 40 CV		

Description

The FP I 41

The new generation of sailing catamarans for sailing further and longer, in harmony with the ocean. Available with a combustion engine or electric motor, this model offers great autonomy for cruising on all oceans. Seaworthy, safe, and comfortable, it takes its crew anywhere.

The **FP I 41** combines elegance, performance, and livability. Its elongated horizontal lines give it a harmony and elegance usually reserved for larger models. Well-rigged, it ensures good average speeds on long crossings, while remaining fun and easy to maneuver near the coast.

The deck plan incorporates the dual helm station, so popular on the rest of the range. It offers a perfect view of the water, the sails, and the crew, with all the instrumentation grouped together on a pod. The crew has new relaxation areas: sunbathing areas on the bimini and in front of the deckhouse, as well as a chaise longue integrated into the port aft skirt.

This catamaran embodies the essence of cruising: safety, comfort, and conviviality.

The space on board has been optimized for maximum comfort at sea and at anchor. The three-panel glass door opens the saloon completely onto the aft cockpit, and a large opening panel serves as a serving hatch between the galley and the forward saloon.

The New 41 is available in a “maestro” owner's version, with the port hull converted into a suite, and in a “quartet” version, offering 4 cabins and 2 to 4 bathrooms. All cabins enjoy sea views thanks to large portholes and wide beds thanks to the hull steps.

The FP I 41 is available in an Electric Hybrid version (ODSea+).

Fountaine Pajot has developed an in-house electric hybrid solution that maximizes renewable energy and cruising range. Thanks to this innovation, they control all Research & Development processes without depending on engine brands.

Azur Catamarans Yachts: Your Partner

ACY, the official Fountaine Pajot dealer in the Var region, is your trusted partner.

Our support in bringing your project to fruition goes far beyond the choice and delivery of the boat; we advise and assist you on ownership, registration, financing, possible rental management, berths, training, and after-sales service according to your sailing program.

*Brochure for the “FP I 41” in a “ready to sail” version – To be configured together.
