## Description

---

The **SAMANA 59** is the second sailing catamaran in the range to feature a flybridge, granting access to Fountaine Pajot's flagship universe — a world defined by enhanced comfort and refinement. Welcome aboard a yacht where everything feels elevated. In a word: more luxurious. Boasting the largest flybridge in its category, the SAMANA 59 is first and foremost an owner-focused yacht, designed to impress and entertain guests. Measuring 18.78 meters in length, she offers remarkable freedom in both space design and interior layout. The reception areas have been particularly well conceived, reflecting the idea that her owners will enjoy welcoming family, friends, or fellow sailors met along the way. With hull configurations ranging from 4 to 6 cabins, and an exceptional flybridge that feels like a true terrace over the sea, the SAMANA 59 delivers outstanding onboard comfort — whether at anchor, during extended cruising, or on an ocean crossing.

True to her hospitality-driven philosophy, this luxury catamaran offers two galley layout options:

- A classic open-plan galley centered around a convivial island,
- Or a semi-enclosed galley located in the port hull, close to the crew cabins, with direct access to the saloon for discreet service.

On board the SAMANA 59, every aspect of sailing becomes a pleasure. Share unforgettable moments with your guests aboard an exceptional catamaran where space reigns supreme.
