FONTAINE PAJOT Elba 45

717 000 € EX. VAT

Description

ELBA 45 The ELBA 45 opens the doors to long-distance cruising, offering unrivalled comfort for its size, with living and storage spaces that are ideal for long-distance cruising. With a length of 13.45 m and a beam of 7.55 m, it can reach average speeds of over 7 knots, and offers optimum comfort thanks to its dedicated spaces: the largest lounge deck in its category, a galley extended forward, and a saloon with a chaise longue ideal for sitting up or relaxing. Available in Owner version, with a gigantic suite on the port hull, or in Quartet version with four cabins and their bathrooms with insulated shower, the ELBA 45 meets all needs. The forward peaks can accommodate a berth and a bathroom for a skipper. This catamaran offers comfort and conviviality, and is easy to manoeuvre with a small crew. **The ELBA 45 is available in an Electric Hybrid version (ODSea+)**. Fountaine Pajot has developed an in-house hybrid electric solution to maximise renewable energy and cruising range. Thanks to this innovation, they control all the Research & Development processes without depending on engine brands. **Azur Catamarans Yachts : Your partner** ACY, official Fountaine Pajot dealer in the Var, is your trusted partner. Our support in the realisation of your project goes well beyond the choice and delivery of the boat; we advise and assist you on the mode of ownership, registration, financing, possible rental management, berths, training and after-sales follow-up according to your sailing programme. *Brochure of the ELBA 45 in a 'ready to sail' version - To be configured together.
